

Cultural Make and Take

Making a Moss Bag for a Doll

FIREFLY

APRIL 29

5:00-7:00 PM CST

(6:00-8:00 PM EST)

The moss bag is used by Indigenous peoples to keep a baby snugly wrapped. It creates a warm, womb-like environment that makes the baby feel safe and sleep better. We will be making a Moss Bag for your dolls so children can use them in their creative play. This is a prerecorded event so we can closely watch, stop the recording, and watch again as needed by participants. A list of materials will be sent to you upon registration so you will have plenty of time to purchase the materials needed to participate.

Educators working in on reserve child care & child and family programs are invited to attend.
